FROM THE BOARD OF DIRECTORS

Thank you for taking the time to participate in Project Salina.

Project Salina started in 1990 when founding members Jack Parr and Jane Kramer observed that agencies in Salina which feed people in need were running out of food by summertime. These agencies would receive donations during Christmastime and run out of food by June. Summer is the time of greatest need when school is out of session and school-aged children begin turning to these agencies for three meals a day.

Parr and Kramer decided to start Project Salina with the purpose of collecting food every May and delivering donations to these agencies through the summer in three or four distributions. Collecting and distributing food items during the summer months provide much needed assistance when donations are down.

We are a 501(c)(3) non-profit organization. Our cause benefits five agencies in Salina, Kansas. We contact each to see what their food needs are from a list of non-perishable food items. After each agency submits their requests, we create a master list of the food that is needed. Amount of food is also based upon the needs of each agency.

Project Salina helps these agencies keep their shelves full when donations are not coming in as needed.

Thank you for providing this gift to the Salina community.

CASH DONATIONS PREFERRED

Cash donations are preferred for these simple, yet very important reasons:

- Project Salina can purchase in bulk and is tax exempt, making your dollar go even further.
- Monetary donations allow us to purchase food throughout the year as the needs of the agencies change.
- Purchasing throughout the year allows us to be conscientious of expiration dates, ensuring all food gets used.
- No need to find storage space for the food.

If your business doesn't want to collect money and prefers to collect product, contact projectsalina@gmail.com or talk to a board member at the kick off event.
